Place and Time and Contact Info

THANK YOU for printing these postcards with volunteer labor and donations. OFAMA has no funding or budget for any operational expenses—it is all volunteer run and funded—and we must rely on everyone doing a little bit to make this a massive and massively successful campaign.

Consider asking local businesses if they will donate printing for this cause!

IF YOU CAN—print on **CARDSTOCK**, so that they make a “good stack”, though regular paper is OK. (some copy centers charge the same to copy onto cardstock—just ask for the cardstock at the counter).

Paper cutters: Some Print Shops charge a very small fee for paper-cutting large stacks of paper—it’s worth asking for prices in your area! Otherwise, paper cutters are at Kinko’s are free/available for public use and will be useful/helpful in cutting up the postcards!

REMEMBER to make sure **POSTCARD SIGNERS** include all of their contact information—Congressmen’s representatives will be looking to see whether sign-ees are registered voters in their district!

ASK POSTCARD SIGNERS if they know who their **Congressional Representative** is, and ask them to note it on the back-side if they do. If they do not—it’s important that we can read their address clearly!

ENCOURAGE POSTCARD SIGNERS to write a message in their own handwriting—this will illustrate the voter’s real concern about REAL health care reform.

IF YOU MEET someone who wants to help out in this postcard campaign—please have them sign up on the **Volunteer Recruitment Sheet** and have them contact your local coordinator and healthcare.grassroots@ofama.org

Please be in touch with your local coordinator first for any questions—if you have additional questions, please contact:
Healthcare.grassroots@ofama.org

THANK YOU

REAL Health Care Reform in 2009:

We need an American solution that guarantees quality, affordable health care for everyone in America, and that includes a strong public health insurance plan.

Health Care Reform MUST:

- REDUCE COSTS
- GUARANTEE CHOICE
- ENSURE AFFORDABLE CARE FOR ALL
- and include a STRONG PUBLIC INSURANCE OPTION.

As your constituent, I expect you to stand up for these principles.
